12 July 2011

Mr. Thomas I. Fitzpatrick
Director , Plans, Training, Mobilization, and Security

Our mission is to provide Soldiers, Civilians and their Families with a quality of life commensurate with the quality of their service.

We are the Army's Home

4th Qtr FY11 S3 & BASOP Meeting

Agenda

- Welcome
- DPTMS Director Comments
- Introduction Staff and attendees
- Briefings
- Unit Updates

4th Qtr FY11 S3 & BASOP Meeting

DPTMS Director

- **Thank you for your support!**
- **Great AT Exercise; two substantial Actual Emergencies cut exercise play short. All major response plan components were exercised except FPCON DELTA and Active Shooter response (need to reschedule ASAP per Senior Commander)**
- **Mass Notification and Common Operational Picture Capabilities**
 - **Building diverse arsenal to get the word out fast**
 - **WEBEOC is used very well by IOC LNOs; request commands use WEBEOC in Ops Centers to monitor / Collaborate with during emergencies; training and access is free**
- **Please continue to highlight the impacts of not having Heavy Machine Gun Qualification capability; lack of live HG familiarization capability and non-standard target arrays on small arms ranges in unit DRRS-A reports**
- **Mass notification immediate audience is commanders, directors, CSMs and Ops personnel; baseline notification groups are not tailored to each incident**

4th Qtr FY11 S3 & BASOP Meeting

DPTMS Director

- **Shelter occupation; please don't unilaterally relocate to a gym in the event of severe weather; consider areas in unit footprint not designated as an installation shelter for temporary evac (Barnes Ave Friendship Chapel for FOB evacuation). If other facilities are required, coordinate through the IOC before occupation**
- **FG Reg 210-6 has been signed and published. Thanks to all commands for cooperation and input**
- **Senior Commanders Executive Council Forum, 18 Aug, all day. Details to follow**
- **ARFORGEN support and SRPs – early notification is better; working with SRP Support Team to try to conduct SRPs semi-annually or if possible, quarterly**
- **Use of DTMS as the installation standard for tracking training requirements**

4th Qtr FY11 S3 & BASOP Meeting

IOC POC/Alert Roster Requirement

- **Why?**

- **IMCOM OPORD 11-214 requires IOCs to notify all personnel within 10 minutes of an event**
 - Initial audience is Senior Leaders and supporters
 - MNS process will use a variety of tools (voice and data)
- **IOC utilizes these lists to notify your command of any number of emergencies and that is why a current & accurate list is so important**
 - **Examples of uses:**
 - Report of Explosion near Heating Plant, 17 June 2011
 - Severe Weather
 - Shelter In Place / Evacuation Orders such as those ordered during 2006 Wildfires
 - Active Shooter or other MASCAL event
- **S3's need to ensure this is updated Monthly & in this format for importing into the Emergency Notifications Systems of Fort Gordon**

TSS MILCON Projects

1. MFR FCC 17806, Range 6. FY 13. PN 61498
2. MPMG FCC 17833, Range 17. FY 13. PN 67017
3. Add Range 11A adjacent to Range 11. 11A need is a FCC 17801 10/25m Zero range. This may be able to be done under an MCA project level.
4. Convert Range 11 from 17804 to 17806 MRF. PN 67790
5. MPTR, FCC 17865. Currently short -.95 of a range in ARRM. New Engineer units and other organic units have received or receiving vehicles and weapon systems that require a MPTR. PN 62234
6. CLF FCC 17771, FY 17. Have planning group on sitting this relocation from AIA. Most likely will be within SAIA SDZ. PN 71733
7. Convert Range 9 from 17804 to 17806 MRF.
8. Refurb Range 7A to FCC 17893 Squad Defn Range. ARRM shortage is -1.39 ranges.

TSS In-House Projects

1. Modify Pistol range FCC 17821 to FCC 17822 (CPQC/MPFQC) range.
2. Observation Tower South Side of AIA. OP & ability to see Davy Crockett No Fire Box.
3. Confidence Course & Obstacle Course. Concentrate on obstacles within new APFT Pam.
4. Leader Reaction Course (TA 49).
5. Automated Control gate & camera at new RRCF & Range Road to control entrance into Range/TA's.
6. Expand Preston DZ. (average of priority 4 from ITAM list)
7. M101/Davy Crockett requirements.
8. HG Qualification Course.
9. Refurb Range 14 from FCC 17831 MG trans to FCC 17832, MG Field Fire. Co-use as DFMWR range, CLF, and MG Field Fire Range needed.
10. Improve new Dismounted Land Navigation course
11. Shoot House Refurbishment to make operational/safe.
12. TIP, ICW G6 funding.
13. Develop mounted Land Navigation course.

Improvised Explosive Device Effects Simulator (IEDES)

Program Description. IEDES is a non-pyrotechnic/non-class V simulator, with interoperable capability for class V live training at CTCs. It uses compressed CO2 to project pigmented talcum powder to replicates 11 various sized signature effects of IED hazards. It will assist the Army in training critical tasks, conditions, and standards needed to achieve DoD IED defeat objectives, Plan, Prepare, and React by effectively engaging: the staff's ability to Plan (Predict and Detect), the Squad/Platoon/Company's ability to Prepare, and Soldiers' response mechanisms during React drills. The IEDES, under current force structure is programmed to be fielded and operated in a full spectrum of operations and conflicts.

REQUIREMENTS/CAPABILITY

- ✓ Offers realistic detection and reaction training against IED threats through simulated, but realistic battlefield cues and effects
- ✓ Trains key tasks of Explosive Hazards (EHs) defeat, in support of full spectrum operations and conflicts, to include Homeland Security and Homeland Defense.
- ✓ Supports three of seven Future Force Maneuver Support (FFMS) imperatives: Enable Theater Access (ETA), Provide Assured Mobility (PAM), and Enable Force Protection and Security (EEPS).
- ✓ Supports Battalion through Theater elements in planning and preparing for Army and Joint exercises.
- ✓ Provides an overarching Joint Training Capability at all Joint Training Facilities, Home stations, Combat Training Centers and Power-Projection Platforms DOD wide

Counter RCIED Electronic Warfare (CREW2)

Works with IEDES by Jamming radio Frequency

The Counter Radio Electronic Warfare, Increment 2 (CREW2) training system program will recreate the battlefield Radio Frequency (RF) environment and emissions conditions in a virtual environment thus relieving adherence to requirements imposed by the Federal Communications Commission (FCC) and the Federal Aviation Administration (FAA) for RF emissions.
