MEMORANDUM FOR DISTRIBUTION

SUBJECT: Installation Food Service Policy Memorandum No. 55 - Army Field Feeding Procedures

1. References:

- a. AR 30-22, 10 May 05, Army Food Program.
 - b. FM 10-23, 2 Jun 98, Basic Doctrine for Army Field Feeding and Class I Operations Management.
2. Subsistence is government property until such time as it is consumed by authorized personnel or discarded as waste.
3. Each unit commander is required to prepare a Present for Duty Strength and Remote Feeding Site Report (DA Form 5913-R) for personnel participating in field exercises. These reports must be accurate and consistent with the DA Form 4187 prepared for personnel going to the field.
4. Units opening field accounts must submit their requests 60 to 90 days in advance to the Troop Issue Subsistence Activity (TISA). This will give TISA time to place the order and have all food items available for scheduled issue cycles. Units must utilize the established field menus or a mix of rations (i.e., Unitized Group Rations (UGR)).
5. The unauthorized diversion/misuse of government subsistence and supplies and failure to maintain proper accountability are considered mismanagement or fraudulent and must be investigated under the provisions of reference a.
6. Commanders must:
- a. Ensure sufficient Dining Facility Attendant (DFA) support is available for the field kitchen operation.
 - b. Ensure a field sanitation team is available and trained.
 - c. Ensure all records of field operations are maintained per requirements of AR 30-22 and FM 1023-2, for guidance on the establishment, maintenance, and destruction of files.
