3. Applicability. This policy applies to all units and activities assigned, attached, conducting training, or residing on Fort Gordon and Gillem Enclave as tenants; contractor activities and leases located within the limits of the Fort Gordon military reservation; and members of Family housing. Participation in the Fort Gordon Recycling Program is a requirement, not an option. During mobilization, this regulation remains in effect.

4. Guidance.

- a. All entities generating recyclable materials are required to implement recycling programs with material being diverted to Fort Gordon Recycling. The items are addressed in USASC&FG Regulation 200-1. Additionally, plastics containers with number 1 and 2 on the bottom of the container must be recycled as well.
- b. If paper requires shredding, only use one direction shredders. Cross-cut shredding is not necessary when combining shredding material in a bailer with other large quantities of paper. Cross-cut shredded paper is not recyclable.
