### GILLEM ENCLAVE EXERCISE

GILLEM ENCLAVE, GA – The Gillem Enclave will conduct an exercise on Thursday, March 27, to validate the installation's preparedness to respond to an emergency. During the exercise, installation personnel will respond to scenarios intended to test the Gillem Enclave's emergency management processes and procedures. The U.S. Army Installation Management Command requires that these training events be conducted annually at each Army installation.

During the exercise, access to the Gillem Enclave and traffic around the installation may experience delays as personnel respond to scenarios in the exercise. Officials recommend planning extra time to enter the installation or postponing routine business until a later date.
