CYBER CENTER OF EXCELLENCE CEREMONY

FORT GORDON, GA – The U.S. Army Signal Center of Excellence will become the Cyber Center of Excellence during a ceremony at Fort Gordon's Gate 1 on Friday, March 28 at 10 a.m.

The ceremony will be hosted by the commanding general of Fort Gordon, Major General LaWarren Patterson.

Patterson will command the Cyber Center of Excellence, which will oversee both signal and cyber training. The Cyber Center will concentrate on doctrine, organization, training, materiel, leadership, personnel and facilities for signal and cyber soldiers.

In order to prepare for and conduct the ceremony, Fort Gordon's Gate 1 will be closed to both inbound and outbound traffic from 9 to 11:30 a.m. March 28. During this period, traffic entering or leaving Fort Gordon will be directed to gates 2, 3 or 5. During the gate closure, the Gate 1 Visitors' Center will also be closed, but visitors to Fort Gordon will be able to apply for a pass to enter the installation at Gate 2 or Gate 5.

Fort Gordon officials advise those planning a Friday trip to the post to wait until the ceremony is concluded at 11:30 a.m. or to plan to enter through gates 2, 3 or 5.
