

Greetings,

As the NIOC Chaplain my role is to provide for the religious, spiritual and other needs of the Sailors and their families. Chaplains do counseling (of all kinds), weddings, prayers, baptisms, ceremonies and just about anything else that pops up.

A Chaplain's outstanding trait is that he should be everyone's best friend. Best friends keep secrets and Navy Chaplains have the highest level of confidentiality there is. We can talk about any and everything and this is where it stays.

My office is in the Bicentennial Chapel across the parking lot from the GCHQ building on Brainard Ave. Please, contact me at any time and if you come by and I'm not here, leave a note.

Grace and Peace,

Command Chaplain, USN
