MINE RESISTANT AMBUSH PROTECTED VEHICLE

FORT GORDON, GA – Fort Gordon’s Command and General Staff College satellite class is bringing a Mine Resistant Ambush Protected Vehicle “MRAP” to Fort Gordon between 10 a.m. and 1 p.m. Monday, Jan. 31.

The media is invited to a short presentation and an operator will be on hand to discuss its development and use in Iraq and Afghanistan. This vehicle is in response to personnel being lost to IED’s, as well as its possible future use in areas where there are unexploded ordnance issues.
